## MG G50 PLUS

DRIVING SAFETY

### Safety:

Build the frame with laser welding techniques the result is high quality body frame

### Vehicle Stability Control

Helps to prevent accidents by detecting & reducing loss of traction. It automatically applies brake to individual wheels & adjusts engine power to help the driver maintain control.

### Reversing Camera

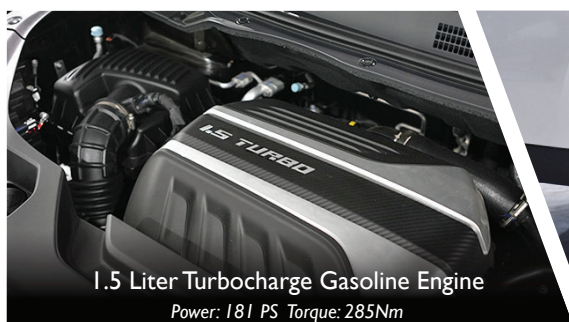

### Front Grille:

Designed with a wide and sweeping design along the front end of the car, combined with the front LED lights. The wide grille provides ventilation & cooling for the engine.
